Subject line: Ipsos MORI Young People Study – Details for Participation

Dear [class1_contact], [class2_contact],

Thank you for agreeing to take part in Ipsos MORI's annual study of young people. It is thanks to the goodwill of schools like yours that this important research has been running for over 25 years.

You have kindly agreed that the following class/classes will complete the online study. We expect it will take between 15-25 minutes for pupils to complete.

[class1_name] [class1_appt_date] [class1_appt_time]
[class2_name] [class2_appt_date] [class2_appt_time]

Before the session, it is **VITAL** that you click on the following link to test that the online study is compatible with your school's IT system:
LINK
If you are unable to access the link, the most common reason is because the study has been blocked by your school's IT security firewall. Please contact your IT team, referencing the '*information for IT managers*' below.
We also ask that you **inform parents/carers that their child will be taking part in this study**. We recommend that you inform them at least a week in advance of your session, so that they can withdraw their child if they choose. We have created a template letter that you may want to use:
TEMPLATE LETTER

On the day of the study, pupils will need to type the following link into a web browser to access the study: **[Schoolpupils_uniquelink]**
We have created a short introductory presentation for you to use at the start of the session, which you can download here: PUPIL INFORMATION SLIDES
There is also a leaflet to give out to pupils who are taking part: PUPIL LEAFLET

After the session. We would also like you (or the class teacher running the session) to complete a short form to tell us a few details about the class group completing the survey. This should take no more than two minutes to complete. We will use this information to help with checking the pupil data.
TEACHER FORM

If you have any questions, please do not hesitate to contact me by email: uk-ypo2022@ipsos.com or on 0808 202 4971 (this is a Freephone number; all voicemails will be responded to immediately if you are having trouble with the survey link). Thank you again for your help.

Yours sincerely,

Kirsty MacLeod
Researcher, *Ipsos MORI*

Information for IT managers

- *The study is designed to be completed on PC/Mac or tablet device.*
- *Access to the questionnaire will be via a web browser. Any modern browser is supported (IE9-11, Firefox, Chrome, Safari, etc.). Please note that IE8 is not supported.*
- *The study link uses the SSL protocol, so it will start with https://*
- *The study uses JavaScript to enhance the user experience and it is strongly recommended that JavaScript is enabled on the PCs and tablets used to access the study.*
- *Before you start the study, we recommend that you whitelist the domain "*.ipsosinteractive.com" (including the *).*
- *Certain words within the study such as 'gambling', 'cigarette' or 'cannabis' may cause your system's firewall to block the study. Please ensure that your firewall permissions are amended accordingly*
